Piazza dell'Ateneo
Nuovo 1, Milano

UNIVERSITA' DEGLI STUDI DI MILANO BICOCCA

hosting the 4th meeting of the

University of the Future Network

Academics and researchers from 9 different countries will meet to discuss and debate the tasks that universities currently need to face from educational and organizational perspectives, to respond to the opportunities that the digital economy is offering to post secondary institutions around the world. This workshop will provide space for discussion about four main topics:

- digital transformation
- access and inclusion
- university-enterprise networks
- executive and industrial PhDs
